

SUMMARY

I regard myself as a very open minded person, like to solve new challenges when it comes to coding. I accept new challenges by pushing myself out of the comfort zone and work on it. Still in the learning stage and much more to explore. Love solving problems and regularly participate in coding competitions.

TECHNICAL KEYS

C++

Data Structures

Algorithms

Object-Oriented Programming

Code Optimization

Problem Solving

Front-end Developer

Git

GitHub

Youth Leader

TECHNICAL SKILLS

- **Languages:** Python, Java, C++,HTML, CSS, JavaScript
- **OS:** Windows, Linux, Mac
- **Software:** Apache
- **Database:** MySQL, MongoDB

CERTIFICATIONS

- Certified **Front End Developer** - Udemy'21
- Introduction to **CyberSecurity** -Cisco'21
- Technical Support Fundamentals -Google
- 11 Days Workshop on **DSA** -GeeksforGeeks

PERSONAL PROJECTS

Oct '20 - Present
AlipurDuar, India

- **Document to Pdf Converter**

The aim of this project is to convert .doc file to .pdf file using python.

Languages and Modules used:- Python, Tkinter, docx2pdf.

- **Rock, Paper, Scissor Game**

The aim of this game is to Declare the winner based on the input given by the user. The best part was, it was just build with the help of only one language (C++).

- **Password Generator**

The aim of this project is to generate password with the length you want.

Languages and Modules Used:- Python, String, Random.

EDUCATION

Bachelor of technology

Sep '20 - Present

B.E. Computer Science

Chandigarh, India

Chandigarh University, India holds the NIRF rank of 81 in India.

- **Top 5 percentile** of the class (Current-8.5 cgpa)

Central Board of Secondary Education

Apr '18 - Jun '20

SHMD School

AlipurDuar, India

A small school located on the borders of Bhutan

Secured 94%

ACHIEVEMENTS

- **Founder and Mentor of Code-Hacks**, guiding and helping 500+ students in Development and Coding related topics.
- **4 Star** on **CodeChef** with Best **Global Rank-38**
- **Rating-1200** on CodeForces and **5 Star in C++ & Python** @HackerRank
- **Problem Setter** at CodeChef_CU chapter
